All are Welcome at the Table

Teen Feed & St. Andrew's: A Brief History

For over 20 years, St. Andrew's has partnered with Teen Feed (teenfeed.org) in an effort to feed homeless youth in our community. As an organization, Teen Feed provides a number of services to kids, one of the most important being serving a hot meal to kids in need 365 days a year in three locations (two in the vicinity of the University District and another in south King County around Auburn).

Our Commitment

Our commitment is to provide a meal once per month on the third Wednesday. We have a robust team who not only enjoys what they do in service for these young people but who also have fun doing it. Our team is organized by Margo Rogers and Sean Johnson, who serves as team lead in the kitchen. Some of our members have served in various capacities for almost as long as St. Andrew's has been serving Teen Feed.

What We're Looking For

We are looking to augment our team in order to spread the work around. Our primary need is for additional volunteers who would be able to come and help serve the meal on our designated Wednesday evening (the ideal team has 5-7 members). We serve our meal at University Congregational Church (located at 4515 – 16th Avenue NE in the University District - parking is free and abundant). Serve team members typically arrive between 6:00 and 6:15 p.m. and can expect to be on their way home no later than 8:30 p.m. The meal is served between 7:00 and 8:00 p.m. to roughly 35-40 youth.

Interested in Becoming Part of the Team?

We'd love to hear from you. If you're interested in joining us, please let us know by either adding your name to the list of potential volunteers here at this booth or by contacting Margo Rogers, whose contact information can be found below. She'll be sure to add your name to the e-mail list. You can expect to receive an e-mail with a call for volunteers approximately a week prior to our scheduled meal date.

Thank you!

A big thanks to our current dedicated volunteers and thanks in advance to you for your interest. If you are unable to volunteer at this time, we still hope that we can count on your prayers for the ministry as a whole and kids we serve. Thanks in advance for your support.
